We are dedicated to providing the aerospace industry with precision machining and assembly services.

Established in 1943 by Jack D Ott, we are a precision manufacturer of machined parts and assemblies. Our mission is to maintain constant focus on product quality, customer service, and public safety.

J.D. Ott employs a diverse and highly motivated staff which is dedicated to supporting an environment of teamwork and high ethical standards.

J.D. Ott Company's 70,000 square foot facility, located in the Seattle Industrial Area is designed to provide our customers the latest technology in manufacturing with our state of the art CNC turning and machining centers. Presently we produce precision machined parts and assemblies, from large lots to quick turn around single piece

J.D. Ott Company is an AS9100 compliant, Lean Manufacturing Company; experienced in Just-In-Time (JIT) scheduling, Consumption based ordering inventory management and fully implemented Continuous Cost Improvement Process (CCIP). In order to maintain the highest level of quality, we have implemented Real Time SPC in all our machines. We are experienced working with stainless steel, aluminum, alloy steels,

Milling Center Resources

We have a vast number of CNC Vertical and Horizontal Machining Centers, both 40 & 50 taper, all equipped with full 4th axis including four (6) High Speed Horizontal Machining Centers.

Our company services include an ongoing relationship with over 30 AS9100/D1-9000 compliant sub-tier suppliers.

Turning Center Resources

Our CNC Turning Centers consisting of 4 Axis Lathes with live tooling (Drill-Mill), 4 Axis Turning for faster material removal as well as long parts capability. Large Bar capacity as well as large swing together with our CHNC Hardinge Dept gives us a very well rounded high precision turning capabilities. Most of the Turning Centers are equipped with hydrostatic bar feeders.

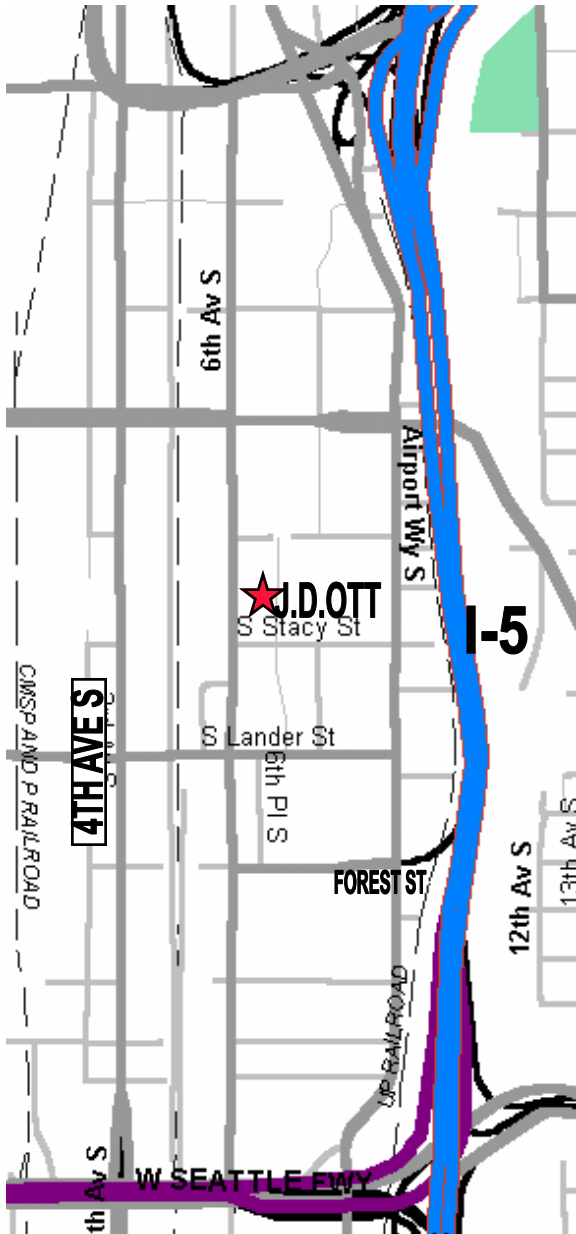

Other Resources

Grinding, thread rolling, gun drilling and heat treating capabilities

Travel Directions

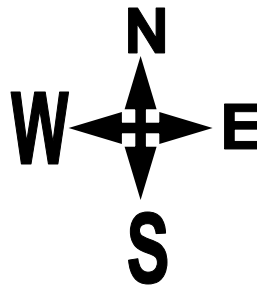

J.D. Ott Company, Inc.
2244 6th Avenue South
Seattle, Washington 98134
Tel: (206) 749-0777

From the North

I-5 SOUTH

- 1) Take **FOREST ST** exit, exit # **163B**, towards 6TH AVE S.
- 2) Turn Right onto **6TH AVE S**.

From the South

I-5 North

- 1) Take **EXIT 163**, turn off onto Ramp
- 2) Bear **RIGHT** (West) onto **S SPOKANE ST**.
- 3) Turn **RIGHT** (North) onto **6TH AVE S**.
